Mr. Anthony U. Simpson – Port Ludlow Village Council
230 Camber Ln
Port Ludlow WA 98365

Re: Collision Data

Dear Mr. Simpson:

In response to your May 1 request, we have prepared a history of reported collisions that occurred on SR 104 (milepost 0.20 – 14.67) from SR 101 to mid-span Hood Canal bridge for the period of 1/01/2000 – 10/31/2010 (2010 is preliminary).

Federal law 23 United States Code Section 409 governs use of the data you requested. Under this law, data maintained for purposes of evaluating potential highway safety enhancements:

“ . . . shall not be subject to discovery or admitted into evidence in a federal or state court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.” [Emphasis added.]

The Washington State Department of Transportation (WSDOT) is releasing this data to you with the understanding that you will not use this data contrary to the restrictions in Section 409, which means you will not use this data in discovery or as evidence at trial in any action for damages against the WSDOT, the State of Washington, or any other jurisdiction involved in the locations mentioned in the data. If you should attempt to use this data in an action for damages against WSDOT, the State of Washington, or any other jurisdiction involved in the locations mentioned in the data, these entities expressly reserve the right, under Section 409, to object to the use of the data, including any opinions drawn from the data.

If we may be of any further assistance, please contact Mr. Dan Davis, Collision Data and Analysis Supervisor, Collision Data and Analysis Branch at (360) 570-2451, or e-mail address david@wsdot.wa.gov.

Sincerely,

Daniel M. Davis
Collision Data Analysis Supervisor
Statewide Travel & Collision Data Office / Strategic Planning Division
